 Travelling alone	VS	 Group travel
You decide! If you change your mind, it doesn't matter. Go to the beach, go to a museum. It's up to you!	 PLAN	Planning together can be fun. Maybe your friends know cool places you haven't heard of before.
It is more dangerous to travel by yourself. Keep an eye on your luggage!	 SAFETY	Being in a group is safer than being alone. Many eyes see more than two!
If you travel alone you have time to think and learn about yourself.	 PRIVACY	You won't get any privacy! You will need to be calm and patient.
You won't get group discounts.	 COST	You can get some fantastic group discounts!
You can make a lot of friends travelling alone. Especially at hostels!	 FUN	If you travel with great friends, you will have a lot of fun!
