

Let's play!

You are going to write and perform a theater play of 6-7 minutes in groups of 4 people.

1. Make groups of 4 members.
2. Write the script. Think of a plot with a beginning, a development and an end. You are going to perform the play in class so think of a situation you can play out inside the classroom. You can use costumes, objects, audios, videos or whatever you think is appropriate to make the plot more realistic.
3. Rehearse the play. You have to learn all your text by heart. Pay attention to your performance skills. Work on your character and play it passionately.
4. On presentation day, you will have to perform your play in front of the class.

Assessment

This project will be 40% of your speaking term mark.
I will assess you taking into consideration the following items:

- Pronunciation and fluency
- Vocabulary and grammar
- Interaction and performance
- Costume and scene design
- Task fulfillment and development

There is only one rule: you cannot perform, talk or make any direct or indirect reference to a classmate or teacher.
