

Charity or Movement

Your task is to research a well-known charity (like **Greenpeace**, **Red Cross**, or **WWF**) and prepare a short talk.

Follow these steps:

- **Name & Location:** What is the organization called, and where is its main headquarters or where does it operate?
- **Objective & Purpose:** What is their main goal? Why do they exist? (e.g., "To stop climate change" or "To provide clean water.")
- **History:** When was it started and where?
- **Leadership:** Who are the key figures or founders? What specific actions do they take to lead the cause?
- **Impact:** What effect does your charity have on the world? Give a specific example of their success.
- **Personal Connection:** Why should people support them? What makes their work important to you?

You will be assessed on: content and research, structure, clarity and pace, eye contact, use of language and pronunciation.
